## **Peachland Cemetery Kelowna and District Genealogical Society Cemetery Recording Committee**

The Kelowna and District Genealogical Society is a non-profit society dedicated to helping people research and document their past. We are located in the Okanagan Valley in the south central interior of British Columbia.

In the mid-1980s the KDGS undertook the first transcription of burial sites. Booklets recording this information were published in the early 1990s.

In 2008, the Cemetery Recording Committee of KDGS took on the task of updating all known burials in the area from Peachland to Oyama. This committee and KDGS members visited the local burial sites to transcribe and photograph gravemarkers. This project now includes church memorial plaques and isolated burials. We hope to include three small cemeteries in the Westbank area in the next publication. There are two large cemeteries in this area that we have not included in this publication: Kelowna Memorial Park Cemetery and Lakeview Memorial Gardens Cemetery. We continue to search for and document isolated burials in the Central Okanagan.

This project includes burials recorded in:

1. Gellatly Cemetery and Gellatly Heritage Park
2. Immaculate Conception Church Cemetery
3. Old Winfield Cemetery
4. Oyama Community Cemetery
5. Peachland Cemetery
6. St. Andrew's Anglican Churchyard
7. St. Theresa Cemetery
8. Westbank Cemetery
9. Winfield Cemetery
10. Small Cemeteries and Isolated or Individual Burials

Photographs of each gravemarker have been published online at The Canadian Gravemarker Gallery <<http://www.gravemarkers.ca/>> and are available from KDGS. The photography and labeling of photographs by surname has been a major portion of this project. These photographs have facilitated the proofreading process and the compilation of the written material. They are also a record of which markers exist today. Some of these markers are deteriorating and may not be legible in the future.

The Cemetery Recording Committee:

This Cemetery Recording project could not have been completed without the help and support of many KDGS members.

We appreciate the extra attention given to these maps by Arthur Green.

The Cemetery Recording Committee has undertaken to make this project as accurate and complete as possible. There will be mistakes and omissions. Please note that not everyone mentioned in this publication is necessarily buried or even deceased. As genealogists, we recognize that associated names help to identify the person we are researching. Therefore, we have included names mentioned on burial markers and often these are of surviving family members.

This is the most complete compilation of its kind to date. We want this work to be helpful to researchers and therefore will be gifting copies to major libraries and depositories as well as to representatives of the cemeteries included in this publication.

# History of Peachland Cemetery

By Robert M. Hayes – 2012

There is very little available information about the history of Peachland Cemetery. This is one of the oldest cemeteries in the Central Okanagan probably dating back to the late 1890s. Early records of this burial ground have not been located. Enquiries at the Peachland Museum and the Peachland Municipal Office met with little success and it has been suggested that early burial records were probably disposed of a number of years ago.

It is probable that the land on which this historic cemetery is located was donated by J.M. Robinson, developer and founder of Peachland. In the late 1890s, Robinson also founded Summerland and Naramata, an indication of his prominence in the development of the Okanagan. No record of a land donation for a burial ground has been located but it would seem likely that cemetery property would have been set aside as Peachland was developed. Locating the cemetery on property above Peachland makes sense since the townsite is located near the lake on land which is of much greater commercial and residential value.

In the 1960s or 1970s, Peachland Cemetery was reconfigured, creating more space for burials and necessitating changes to at least one street which adjoins the cemetery. It should be noted that "Vernon Street", close to this cemetery, was originally "Mt. Vernon Street" probably after the residence of American President George Washington. "Vernon Street" is not derived from the name of the city at the north end of Okanagan Lake.

Although there is very little known about the history of Peachland Cemetery there is no shortage of fine markers dating back to the earliest years of the twentieth century. Some of the oldest markers are listed below:

- Catherine Annie Robinson: died May 25, 1900 age 6 years and 6 months
- Anna Lipsett: "Wife of Dr. R.C. Lipsett"; March 27, 1856 – June 24, 1902
- Mary Ann Harris: "Wife of J.A. Harris"; July 13, 1862 – June 18, 1902
- Arthur McRitchie: died September 13, 1902 age 6 months
- Catherine Robinson: "Beloved Wife of W.J. Robinson"; died June 19, 1908 age 42 years
- Martha Jane Metcalfe: "Beloved Daughter of the late Wm. Noden, MD"; died December 2, 1908
- Emma Louise Metcalfe: "Beloved Wife of William Douglas"; died December 10, 1908 age 39 years
- William Hartley Douglas: "Son of Wm. and Emma Douglas"; October 20, 1895 – December 16, 1908
- Merrill Leon McCall: "Infant Son of H.E. & P.O. McCall"; died September 12, 1909

These stones confirm that Peachland was well established by the early 1900s.

The burial marker of William Robinson, who died in 1903, is of special interest. He was born in 1818, one of the earliest birth dates of anyone buried in any Central Okanagan burial ground.
